Our menus reflect the season, showcasing fresh, local products.

We love umami and bold flavours, and we make vegetables the hero.

We buy whole Wairarapa pork, butcher it ourselves, and use every part.

We source produce from a local community garden.

We use long line, sustainably caught fish.

We preserve, ferment and dehydrate to maximise use of every ingredient.

We do our best to achieve “zero waste” and we make as much as possible in house, including breads and baking, vinegars and soft cheeses.

We love wine, nearly as much as we love food.

Our wine list showcases organic, bio-dynamic and natural wines, amongst more traditional options, all selected to reflect the best of their relative terroir, vintage and culture.

Enjoy! We hope you can taste the difference.
